

## SMART+ Vandal Deterrent Range

# SMART+GUARD

The Smart+Guard is a tough polycarbonate hinged protective cover that can easily be installed over a range of call points, emergency switches and other devices to provide protection from vandalism, accidental damage or misuse.

The Smart+Guard can also be fitted with an integral battery powered alarm, that when lifted emits an ear piercing 90dB alarm, warning the user that the device is for emergency use only and should not be tampered with.

In its red form it is commonly installed over fire alarm break glass call points to protect the break glass from deliberate misuse or accidental damage and this subsequently reduces the incidents of false fire alarms.

The Smart+Guard can be fitted with an integral battery powered alarm, that when lifted emits an ear piercing 90dB alarm

## Features

- Smart design and engineering resulting in an aesthetically pleasing but tough retrofitable protective cover
- Designed for ease of installation, the Smart+Guard can be fitted and protecting devices in minutes
- An optional battery powered 90dB alarm can be fitted increasing the security and protection of the device it is covering
- The alarmed Smart+Guard has a 3 year battery life and incorporates a low battery warning LED
- A break seal can also be fitted to increase the visible deterrence against misuse
- Available in 5 colours: red, green, yellow, blue and white
- Three surface mounting spacers are available 18mm, 32mm (standard) and 50mm

Fully rotational hinge provides increased protection against vandalism

# SMART+GUARD ENVIRO

The Smart+Guard Enviro has been designed and engineered to provide protection for devices exposed to hostile environments.

Applications include off-shore, the food and beverage industry, swimming pools and leisure centres, underground installations and any area where exposure to the environment is likely to cause damage to control equipment or switching devices.

Optional threaded insert provides various weatherproof installation options

## Specification

### Dimensions (mm)

### Ordering Information

Part No.	Description
<b>SMART+GUARD indoor non-alarmed models</b>	
SG-F-x	Indoor non-sounder flush mounting
SG-S-x	Indoor non-sounder surface mounting
<b>SMART+GUARD indoor alarmed models</b>	
SG-FS-x	Indoor with integral sounder flush mounting
SG-SS-x	Indoor with integral sounder surface mounting
<b>SMART+GUARD ENVIRO Waterproof non-alarmed models</b>	
SGE-F-x	Waterproof non sounder flush mounting
SGE-S-x	Waterproof non sounder surface mounting
<b>SMART+GUARD ENVIRO waterproof alarmed models</b>	
SGE-FS-x	Waterproof with integral sounder flush mounting
SGE-SS-x	Waterproof with integral sounder surface mounting
<b>Accessories</b>	
SG-SMS18	Smart+Guard surface mounting spacer 18mm deep
SG-SMS32	Smart+Guard surface mounting spacer 32mm deep (supplied with surface mounting models)
SG-SMS50	Smart+Guard surface mounting spacer 50mm deep

x = R for Red, Y for Yellow, G for Green, B for Blue, W for White.

### Colours

# SMART + CAGE

Smart+Cage protects essential Fire, Safety and Security equipment from theft, vandalism or accidental damage.

Constructed from PVC coated 4mm steel bar, these tough resilient waterproof cages provide security for a wide range of devices.

## Features

- Smart design and construction for a tough heavy duty cage
- Indoor or outdoor applications
- Flush and surface mount installation options
- Bespoke design and manufacture service
- Optional stainless steel construction
- Supplied with heavy duty easy install quick fit clamps and screws

## Internal Dimensions (mm)

Part No.	Large Dia.	Small Dia.	Depth
